for a lecture on acrylic  
paints, gels and mediums

- Learn new techniques
- See products in use
- Have your questions answered
- Free product samples

# Acrylics from A to Z

No matter how much you think you know about acrylics, there's always more to discover! This lecture/demonstration will guide beginning painters through all the basics of the acrylic medium while opening up new possibilities for more experienced artists. Get a grip on the many types of gels and mediums, and learn the secrets of blending and controlling the drying time. Check out versatile primers and grounds to prepare truly contemporary surfaces for all types of media. Learn about the new Digital Grounds for inkjet printing and the new OPEN acrylics. You'll see many examples of these materials put to use, take home **free** product literature and samples and get your questions answered.

**Saturday, June 20, 2009**

**10:00 am to 1:00 pm**

**Parkdale Nifty Fifties Community Association  
3512 – 5 Avenue NW**
